Amelia Jade : Blackblood Bear (The Agency Book 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blackblood Bear (The Agency Book 2):

Shay Lyon use to race cars, but now is racing against the clock to find her father. When the Agency is out to get Justin, will Shay listen to why? Will they be able to find her father and rescue her before it is to late?Another Amelia Jade hit! Loved Justin's softer side and how he wasn't just a mindless killer. Shay was a tough woman and fit perfectly in with the group. I was happy that they made her dad realize what was going on and he was willing to change his ways! Can't wait to read the next in the series!0 of 0 people found the following review helpful. Life in the Fast LaneBy pjrowleyI received an advanced copy for an honest review.Shay is a woman living life in the fast lane, literally! When Justin wipes out in front of her, he's so charming she follows her gut to get to know him. Good choice!I have to admit to coming late to the party, having only been reading Ms. Jade's books for a little over a year. But in that time, I've read them all! I really love the way she describes both the action (car chases, boat chases, fighting) and love scenes. She sets the scenes so I can vividly imagine them and feel like I'm there observing them.I really love the way she has characters we've come to know and love showing up to tie the series together. I highly recommend this book to anyone that's a fan of PNR. You won't regret it!0 of 0 people found the following review helpful. I love these series of booksBy ThelmaAmelia Jade writes a great series of hot, sexy shifter stories. The agency series of books are just as good as her other series of books. Please try them you won't be disappointed.

He's a half-breed granted the unnatural ability to shapeshift, troubled by the ghosts of those he has killed and hunted by the Agency and its masters, who have finally shown their faces.She's a speed demon, a race-car driver who's lost her job and her father. A search to find the man who gave life to her leads to King City, where a desperate war being waged in the shadows brings her into contact with an impossibly gorgeous shifter.Justin Renne knows this beautiful, curvy woman is different from the others, and her need for speed matches his own in a way he never thought he'd find. But he has unintentionally pulled her into his world of death and brutal warfare with a firsthand introduction that should leave her scarred for life. But Shay Lyon is made of sterner stuff than that. As his fight and her quest become inexorably intertwined, so do the pair and their future. In the end though, she's a human in the midst of a war. Can he protect her from his life of violence, or will she end up as just one more nightmare that haunts him?
